Award Date	10/29/2009		
Award Description	This program will create capacity on Staff to engage in electricity system modernization in the long-term and allow for regulatory support in the transformation of the electric grid, in coordination with other agencies in Delaware and other states in our region. It will facilitate timely consideration by the PSC of dockets, notices of inquiry, integrated resource plans, and other regulatory actions pertaining to the listed electricity-related topical areas. It will create two (2) new full-time jobs for limited term of service for one administrative electricity specialist and one entry level electricity specialist. Two full-time or a combination of full- and part-time advanced electricity specialists will be retained on a contractual basis

for terms of one to three years. Staff has found in the past that the labor pool with the necessary specialized knowledge and education for these advance positions is very limited in Delaware. Six PSC Staff and the two new electricity specialists will receive training in key emerging areas that will give regulators the information needed for effective regulatory decision-making and streamline regulatory approval in modernizing and ensuring a reliable and affordable electric system. Additional equipment such as computers, scanner, and copier will be purchased that will allow the inflow and outflow of the documents associated with the ARRA-related dockets to be handled expeditiously.

Project Information

Project Name or Project/ Program Title	State Assistance on Electricity Policies	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	During the quarter the ARRA funds enabled us to retain an Education Specialist to lead the PSC outreach program on Revenue Decoupling, AMI and other ARRA related initiatives. We were also able to retain a part-time Senior Electricity Specialist with extensive knowledge of AMI, Dynamic Pricing and Revenue Decoupling who is currently assisting Staff with these issues. We had six new training opportunities for staff that will help give regulators the information needed for effective regulatory decision-making. Among the training opportunities was the Transmission Business School and the Center for Public Utilities Electricity Basics. Currently either as a docket, pending docket or in workshops	Activity Code 1 Z99 - NTEE Activity Code 2 Activity Code 3 Activity Code 4 Activity Code 5 Activity Code 6 Activity Code 7 Activity Code 8 Activity Code 9 Activity Code 10

the PSC is working on the following ARRA related matters: An Electricity Revenue Decoupling Case, Advanced Metering, an Integrated Resource Plan and Dynamic Pricing. As a result of legislation we will shortly be looking at a tariff filing for a natural gas fuel cell that will be included as a renewable portfolio resource. We have also been advised that a Direct Load Control demand response filing is to be expected in July . Staff is also working on the DC, DE, MD, DOE Partnership Grant to expedite the Application for Certification Eligible Energy Resource as well as a solar renewable energy credit procurement/implementation program.

Project Status Less than 50% completed

Total Federal Amount ARRA Funds Received/ Invoiced 148032.36

Number of Jobs 1.27

Description of Jobs Created The ARRA funds enabled us to retain a part-time Education Specialist hired last quarter to lead the PSC outreach program on Revenue Decoupling, AMI and other ARRA related initiatives. The ARRA funds also allowed us to retain a part-time Senior Electricity Specialist, with extensive knowledge of AMI, Dynamic Pricing and Revenue Decoupling to assist Staff with these and other ARRA related issues. The funds enabled us to retain one full-time job for limited term of service for an administrative electricity specialist. In June we were finally able to fill the vacancy created when our entry level electricity specialist left to accept another position. During the search for a qualified candidate to fill our entry level electricity vacancy another

individual was identified and also hired using ARRA funds. The new individual was hired to monitor and make suggestions on Delmarva's Customer Care Center; specifically with respect to advanced meters, dynamic pricing and revenue decoupling. The administrative electricity specialist did regulatory support to assist and facilitate the timely consideration of ARRA related electricity inquiries and dockets. We arrived at the "number of jobs" created by taking the total combined hours worked during the quarter for the employees and divided that number by the quarterly work hours for a full time work schedule.
